## Designed for Deeper Learning: The ‘Abling’ Philosophy

“Learning is discovery, exploration, reading, listening, observing, and using all your available senses!”

This book is designed for inclusivity and multi-modal learning. The ‘Abling’ philosophy moves beyond traditional reading to embrace a hands-on, sensory-first approach that accommodates different learning styles and abilities, ensuring every child can connect with the story in the way that works best for them.

# A Story That Speaks and Sings

A quick scan of the 'funny square boxes' on each page unlocks a world of audio, bringing the story to life in new ways.

## Audio Enhanced Narration

Hello, my friend, I've waited here beside the shining sea. Watching boats and gulls go by, hoping you would walk with me...

## Song

Verse: I waited on the pier for you, as happy as could be, /  
Pebbles shine beneath our feet beside the whispering sea.

## Read Aloud

A full read-aloud of the entire book is also available for a continuous, uninterrupted story experience.

# A Cosy Café and a Fond Farewell

## The Café

“At last we reached a  
cosy café, with treats  
for you and me.  
I ordered us a  
milkshake tall to end  
our dander cheerfully.”

## The Goodbye Moment

“As sunset painted  
golden skies,  
you smiled so tenderly.  
Our dander turned to  
treasured memories  
I'll keep eternally.”
